ADDITIONAL INFORMATION – not part of the N.o.R

1) THE CLUB

Circolo Vela Arco is situated between Riva Del Garda and Torbole, which is in the Northern part of Lake Garda in North- Italy. The town of Arco is particularly attractive and has a wide range of shops, bars and interesting restaurants. For non-sailing friends there's a lot to do, including mountain biking, windsurfing, hill climbing, canyoning, beach activities, sup, canoeing etc. The majority of which are all available within a short drive to the town center. One of the features of this end of the lake (in Trentino) is that no motorboats are allowed (other than ferries or rescue boats) which helps to keep the noise levels down and the dreaded jet-skiers out of the picture. So if you have friends or relatives interested in "sharing" your holiday – bring them along.

2) TRAVEL & TRANSFERS

Airports to head for are Verona Catullo Airport (80 km) - Bergamo Airport Orio (130 km) - Milano Linate Airport (150 km) - Milano Malpensa Airport (160 km) – Venice Marco Polo Airport (190 km) – Treviso Airport (200 km) - Innsbruck Airport in Austria (220 km), all of which can be reached by a number of cheap airlines e.g. Ryanair or EasyJet. 4) VENUE

Thanks to the lake, Arco benefits in summer weather conditions from a Mediterranean climate. In August temperature can reach 30°/33° degrees during the day.

Wind / Racing: Northern Lake Garda is well known for being a **“sailing” Mecca**, largely due to the thermally generated **“Ora” wind** that kicks in from the south usually around 12-1pm, and builds regularly up to a F4 and occasionally up to a F6-F7. During the morning from the North arrives from 6am to 10/11am a regular and strong “Pelèr” Wind. Conventional theory is that “there’s more breeze nearer the cliffs” but that only holds true some of the time and also depends on the racing area you use. Occasionally you can get thunderstorms rolling around the mountains and the clouds and lower temperature can prevent the “Ora” from kicking in. The racing with the North Wind can be a good alternative.
